Consent for Services

I hereby authorize the doctors or designated staff to take x-rays, study models, photographs, and any other diagnostic aids deemed appropriate by doctors to make a thorough diagnosis of my dental needs.

Upon such diagnosis, I authorize the doctors to perform all recommended treatment mutually agreed upon by me and to employ such assistance as required to provide proper care. I agree to be responsible for payment of all services rendered on my behalf or my dependents. I understand that payment is due at the time of service, unless other arrangements have been made in advance. In the event payments are not received by the agreed upon dates, I understand that a 1-3/4% finance charge (21% APR) may be added to my account. I understand that if my account is not paid, I would be turned over to a collection agency and /or attorney and I would be responsible for any collection fees (40% of unpaid balance), interest at the legal rate and responsible attorney fees. I hereby authorize Back Bay Family Dentistry, along with any billing services, collection agencies, attorney or other agents who may work on their behalf, to contact me on my cell phone and/or home or work phone using live calls, automatic telephone dialing systems and/or other computer assisted technology.

However, this dental office cannot render services on the assumption that our charges will be paid by an insurance company.

Informed Consent Form For General Dental Procedures

You the patient have the right to accept or reject dental treatment recommended by your dentist. Prior to consenting to treatment, you should carefully consider the anticipated benefits and commonly known risks of the recommended procedure, alternative treatments, or the option of no treatment.

Do not consent to treatment unless and until you discuss potential benefits, risks, and complications with your dentist and all of your questions are answered. By consenting to treatment, you are acknowledging your willingness to accept known risks and complications, no matter how slight the probability of occurrence.

It is very important that you provide your dentist with accurate information before, during and after treatment. It is equally important that you follow your dentist's advice recommendations regarding medication, pre and post treatment instructions, referrals to other dentists or specialist, and return for scheduled appointments. If you fail to follow the advice of your dentist, you may increase the chances of a poor outcome.

Certain heart conditions may create a risk of serious or fatal complications. If you (or a minor patient) have a heart condition or heart murmur, advise your dentist immediately so he/she can consult with your physician if necessary.

The patient is an important part of the treatment team. In addition to complying with the instructions given to you by this office, it is important to report any problems or complications you experience so they can be addressed by your dentist.

If you are a woman on oral birth control medications, you must consider the fact that antibiotics might make oral birth control less effective. Please consult with your physician before relying on oral birth control medication if your dentist prescribes, or if you are taking antibiotics.

Further, I understand that I am entering into a contractual relationship with Back Bay Family Dentistry for professional care. I further understand that meritless and frivolous claims for dental malpractice have an adverse effect upon the cost and availability of dental care, and may result in irreparable harm to a dental provider. As additional consideration for professional care provided to me by Back Bay Family Dentistry, I, agree not to advance, directly or indirectly, any false, meritless, and/or frivolous claim(s) of medical/dental malpractice against Back Bay Family Dentistry.

Furthermore, should a dental malpractice case or cause of action be initiated or pursued, I agree to use expert witness (es) who practice primarily in the same specialty as Back Bay Family Dentistry. Furthermore, I agree that these expert witnesses will be members in good standing of and adhere to the guidelines and/or code of conduct defined for expert witnesses by the Academy of General Dentistry. In further consideration for this, Back Bay Family Dentistry agrees to the same stipulations.

I acknowledge that monetary damages may not provide an adequate remedy for breach of this agreement. Such breach may result in irreparable harm to Doctor's reputation and business. Both Back Bay Family Dentistry and I agree in the event of a breach to allow specific performance and/or injunctive relief.

As with all healthcare treatment, there are commonly known risks and potential complications associated with dental treatment. No one can guarantee the success of the recommended treatment, or that you will not experience a complication or less than optimal result. Even though many of these complications are rare, they can and do occur occasionally.

I understand that during the course of treatment, unforeseen circumstances and/or conditions may necessitate additional or different procedures from what was originally discussed. I, therefore, authorize and request the performance of any changes and/or additional procedures that are deemed necessary or desirable to my oral health and well-being in the professional judgement of the dentist.

Some of the more commonly known risks and complications of treatment include, but are not limited to the following:

- Pain, swelling, and discomfort after treatment
- Infection in need of medication, follow-up procedure or other treatment.
- Temporary, or on rare occasion, permanent numbness, pain, tingling or altered sensation of the lip, face, chin, gums, and tongue along with possible loss of taste
- Damage to adjacent teeth, restorations or gums
- Possible deterioration of your condition which may result in tooth loss
- The need for replacement of restorations, implants or other appliances in the future
- An altered bite in need of adjustment
- Possible injury to the jaw joint and related structures requiring follow-up care and treatment, or consultation by a dental specialist
- A root tip, bone fragment or a piece of dental instrument may be left in your body, and may have to be removed at a later time if symptoms develop
- Jaw fracture
- If upper teeth are treated, there is a chance of a sinus infection or opening between the mouth and sinus cavity resulting in infection or the need for further treatment
- Allergic reaction to anesthetic or medication
- Need for follow-up treatment, including surgery

The form is intended to provide you with an overview of potential risks and complications. Do not sign this form or agree to treatment until you have read, understood, and accepted each paragraph stated above. Please discuss the potential benefits, risks, and complications of recommended treatment with your dentist. Be certain your dentist has addressed all of your concerns to your satisfaction before commencing treatment.

- I authorize the release of any information pertinent to my treatment to my insurance company, dentist or dental specialist, physician, etc.
- I understand, that I am fully responsible for all fees incurred and account balances, regardless of my insurance benefits. I accept the fee charged as a legal and lawful debt and agree to pay said fee, including any/all collection agency fees, (33.33%), attorney fees and/or court costs, if such be necessary. I waive now and forever my right of exemption under the laws of constitution of the State of Mississippi and any other state.

I have read, understand, and agree to the disclosure and agree that Back Bay Family Dentistry, its employees and/or agents may contact me as described above. In the event of default, I agree to pay all costs of collection as well as court costs and reasonable attorney's fees in the event legal action is taken.

LIMITED DENTAL WARRANTY

Our practice is proud of the dentistry that we provide for you and your family. Our goal is to not just correct any dental problems you may have, but to show you how to prevent dental disease in the future to save you time and unnecessary expense. The long-term success of the dental treatment we provide for you depends upon your continuing home care of your teeth and gums, regular professional exams, cleanings and fluoride treatments. The products recommended by us for you and the frequency of those professional recare visits depends on your individual condition-and is professionally diagnosed. Those visits may be every 2, 3, 4, or even 6 months apart depending on your oral health. With that in mind we offer the following limited dental warranties:

DENTAL SEALANTS

Sealants are plastic coatings placed on the chewing surfaces of the teeth to prevent decay in the pits and grooves of the teeth. These are the most common areas to get cavities. Floss and the use of fluoride will help prevent decay between teeth. We will repair or replace sealants for a period of 1 year after placement. If decay is present on the chewing surface, the replacement filling will be done at no charge. **You must keep the prescribed regular recall appointments or this warranty is null and void (minimum every 6 months).**

COMPOSITE (tooth colored) FILLINGS

If a composite restoration is the recommended treatment of choice, we will replace or repair it in the event of failure for a period of 1 year. If the tooth breaks and requires a crown we will credit the cost of the filling towards the crown or onlay. **You must keep the prescribed regular recall appointments or this warranty is null and void (minimum every 6 months).**

ROOT CANALS

Root canal treatment is about 96% successful. They do occasionally fail. If you lose your tooth within 1 year due to failure of the root canal, we will refund the root canal fee, or apply it as a credit towards a replacement tooth. **You must keep the prescribed regular recall appointments or this warranty is null and void (minimum every 6 months).**

CROWNS, BRIDGES, AND PORCELAIN VENEERS

We will warranty these most comprehensive procedures for a full 3 years. We will replace or repair them at no charge during this 3-year period if they break or decay with normal use. (This does not include accidents that could also break normal healthy teeth.) **You must keep the prescribed regular recall appointments or this warranty is null and void (minimum every 6 months).**

NOTE: FAILURE TO HAVE REGULAR CLEANINGS & X-RAY VISITS WITH OUR OFFICE AS DIAGNOSED VOIDS ALL WARRANTIES. Help us to help you maintain your teeth for a lifetime.
